About the Event

Compass to Care's More Precious Than Gold is our signature Iowa event, bringing the Dubuque community together to raise critical funds for children with cancer who need help traveling to life-saving treatment.

Join us for a meaningful evening at The Magnolia, featuring food, drinks, a silent auction, live music, and an inspiring story of impact from a Compass to Care family or beneficiary.

Every dollar raised helps remove the transportation barriers that stand between a child and the cancer care they need — funding gas cards, rides, flights, lodging, and other travel support so families can focus on what matters most: helping their child fight cancer.

Why This Event Matters

For a child with cancer, treatment cannot wait. Yet many families face overwhelming costs just to get there, gas, parking, rides, flights, lodging, and missed work can make every appointment harder to reach.

Compass to Care removes those barriers by funding transportation to life-saving cancer treatment. Through More Precious Than Gold, sponsors help ensure children can get to the care they need, when they need it.

Your support turns distance into access, and gives families hope when they need it most.
