COMPASS TO CARE PRIVACY POLICY

Our Privacy Promise To You

Since our inception in 2009, our stakeholders have trusted Compass to Care with their personal information. Whether you are a donor, a volunteer, an organization, or a community partner, our commitment to conduct business honestly and protect your privacy is at the heart of our Privacy Promise.

We Respect Your Confidentiality

Compass to Care requires that your personal information be held in strict confidence. We use your information only for its intended business purpose. We do not sell, trade or share your personal information with anyone else, nor send you mailings on behalf of other organizations.

We Protect Your Information

Compass to Care takes every possible measure to ensure that your information is not compromised in any way. Other than as indicated, no one other than the Compass to Care staff has access to your information. We allow access to your information to specific funding sources only as mandated by contractual requirements.

Our privacy promise extends online to our Internet website. Online event registration and online donation information is transmitted via a secure server using encryption technology. Our online forms on our Website are created with a trusted registration software provider that also utilizes encryption technology.

If you choose to send us email, we may retain the contents of your email message, our reply and your email address as part of our ongoing customer service efforts. We reserve the right to contact you after you have contacted us and may send future email and/or surveys to you about Compass to Care.

We Keep Accurate Records & Give You An Opt-Out Option

We keep your personal information as accurate, complete, and up to date as is required to fulfill the purpose(s) for which you provided us with your personal information. Upon request, either via clicking the Unsubscribe button on the bottom of our email communication, or by sending an email with the word Unsubscribe in the email subject line, we will remove your personal information from our databases, except where legislation or regulation requires our retention of it (for example, charitable giving history tied to income tax receipts.)
